LETTER OF COMMITMENT FOR EDUCATIONAL CENTRES #CIENTÍFIQUES 2026

The co-organising institutions of the project #científiques –the Fundació Catalana per a la Recerca i la Innovació (FCRI) and the Barcelona Institute of Science and Technology (BIST)–, together with the school _____ sign this **letter of commitment and adhesion to the #científiques programme**.

COMMITMENTS

By the educational centre:

- a. Identify a **person in charge of the centre for the #científiques programme, who will act as the main point of contact for all matter** related to the project.
- b. Such person should **contact the scientist** assigned to the centre to support and assist her in the work process before her speech on the agreed-upon date. **The talk can be scheduled for the date announced in the current edition (February 11th 2026) or any other day mutually agreed upon by the centre and the scientist.**
- c. Ensure a reliable online connection on the speech day. Whether the talk is requested virtually or in person, access to the room must be ensured via the link provided in the registration form, as well as ensuring any other technical or accessibility requirements are met in advance.
- d. Ensure the privacy and image rights of students, in case the scientist consents to having her talk recorded.

By the organising institutions:

- a. Assign a scientist to the centre in the preferred talk format, and if this cannot be guaranteed, assign her in the other format. In the event that a school, for whatever reason, does not have a scientist assigned, it will enjoy an alternative session or speech from our programme.

IMPORTANT NOTE: the participation in the #científiques programme is entirely voluntary and takes place thanks to the commitment of both parties involved: the scientists and the educational centres. For this reason, we ask the latter to take on this commitment within a framework of shared responsibility, ensuring that the collaboration develops with mutual respect and avoiding situations in which the scientist may be left unattended.
